1. Cleopas was walking with me, his friend,
our master was dead, it was the end.
On the road to Emmaus we met a man,
he walked and he talked about God's special plan.

2. Whenever we're sad and feel upset,
when we're all alone then don't forget
Jesus walked with us then and does today
his love will never ever go away.

*And our hearts were burning as we walked along,
our hearts were yearning with our grief so strong,
our hearts were burning as we looked at him,
when he broke the bread, our eyes knew it was him:
It was Jesus, the Lord was risen, hallelujah!
It was Jesus, the Lord was risen, hallelujah!*

*And our hearts...
(repeat last two lines of chorus at end)*
